

Oak Grove Color Schemes

The following color schemes are the approved colors for painting a home in Oak Grove. Note that we have included the Sherwin Williams number and the “locator code” (easiest way to find a sample chip in their stores). You can also see the color by clicking on this Sherwin Williams [website link](#) and entering the color identifier (SW 6113 for example) in the search box.

Some important notes:

- No home can be the same color scheme as the home on either side.
- Garage door and front door must be the same color, either trim or base.
- **An ARB form must be completed and approved prior to starting any painting.**
